

# INDUCTION INDOOR SOLUTIONS

## ADG Eco Lighting Products Induction Case Study 08902012

*"The execution of this ceiling and the ability to keep the room lit for the next 35 years is amazing. The team at ADG water-jet cut, painted and illuminated the pool ceiling with the thoughts of our client.."*

*Cheryl Spigno, designer*

*American Lighting Manufacturer—Architectural Detail Group, Inc  
developed the lens and illumination system as part of  
the ADG - Solution Based Manufacturing ©*

*High quality light, meets the high expectation . We Make Our Fixtures here in the USA—Truly" 🌍*

It's what's inside that counts.

ADG Eco Lighting Products  
High- Performance induction

Induction Ceilings—Indoor Pool  
Authorized Dealer - ADG For Ventura County

## ADG Eco Lighting Products

ADG Eco & Energy Advise ment Group

### What is Solution Based Manufacturing<sup>®</sup>

For **ADG Eco** Solution Based Manufacturing Process<sup>®</sup> is the first of its kind. It combines the highest grade process solving customers unique issues. Here a ceiling along with a no bulb change over the pool policy was facilitated.

ADG correct lens system ©, a full water jet cut ceiling all with the ADG Eco 5000k Induction lamp and FL Warrior.

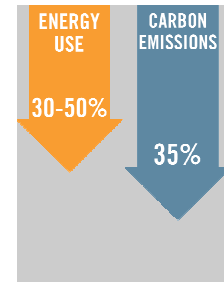

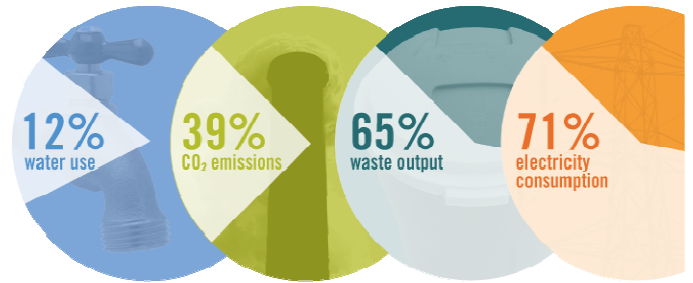

How this differs from others. The ADG system provides higher quality solutions with ability to manufacture full fixture systems domestically and JIT manufactured for demanding clients.

### Paradigm Shift

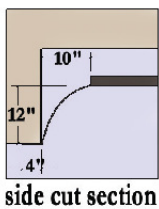

- Reasonable 21st Century solutions
- Better quality illumination
- Less Energy used
- Deferred maintenance
- State and Federal Compliance
- DOE Recognized technology

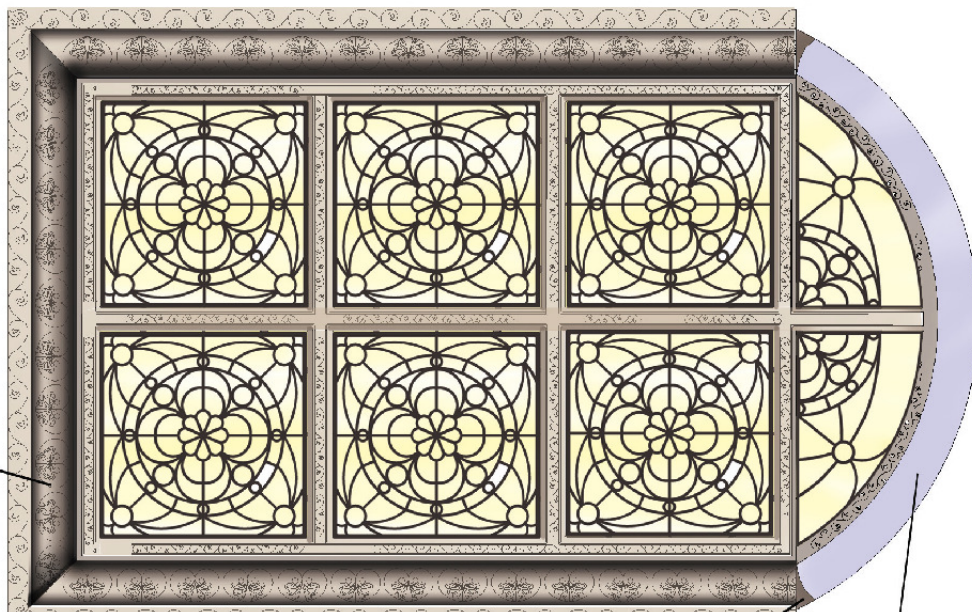

U.S. Building Impacts:

## CUSTOM INDOOR POOL CEILING WITH ADG ECO INDUCTION LIGHTS & FL WARRIORS

curved cornice banding

banding on lower ceiling

mitred corner at end

gap to allow light wash on wall mural
