BUSINESS DISTRICT AUTHORITY

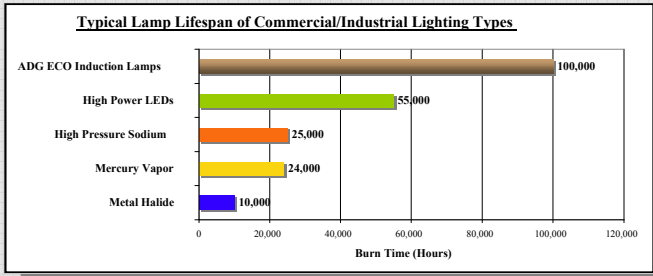

Preserving Our Past... To Build A Better Future

Penn Replaced multiples of old metal halide acorn lights with ADG Eco High Performance Induction Lights Kits and combo packs

ADG created specialty units to meet the demand of a city and Linc Group and an ADG Eco Solution.

ADG Manufactured Solutions - **Penn is at a 50% savings**
Approximately \$256 saved per unit annually

“The city did it right – they awarded the project to a real American Lighting Manufacturer. 100 Years of manufacturing history & 100,000 hours of lamp life”

The downtown district replaced all Holophane Acorn Lights with ADG Eco 70 Watt induction.

The Linc Group offers sustainability solutions for government, commercial, industrial and educational facilities.
