Immediate
Positive Savings**

Sustainable Project Management

Buildings in the USA account for:

- 39% of total energy use,
 - 12% of total water consumption,
 - 68% of total electricity consumption,
 - 38% of greenhouse gas (GHG)
- U.S. EPA, 2004

Reduction in energy costs

- 24% for commercial & 33% for office buildings
- Higher rents 36.5% greater per square foot
- Sustained occupancy rates (4.1% higher)
- Higher sale value (64% higher per sf)
- Additional tax credits, deductions & incentives

Finance Programs Available Through ADG

- PACE—local government back programs
- Pinnacle Capital Company
- Private Funding

Take the ADG Challenge ! Financial Eligibility

Whether you are associated with a small school or a large corporation, a local government or a local/ national business you are missing out on dollars .

Why pay the utility company every month? Pay yourself back. 

Save approximately 50% per light fixture during operational hours.

Request an Application, fill it out and send back.

There are **simple steps** after the review of the application. .
